*I have coached High School basketball for 8 years, and it's not often that I see a player and person like Konrad come through!.*

*Konrad is a young man of great character, integrity, work ethic and is relentless in his pursuit to be the best in anything he takes on. He understands that hard work and perseverance will always lead to success, which is ultimately what will carry him into a very promising future. On and off the court!*

*Konrad is one of the most gifted athletes I've seen at the Freshman level. He is an obvious leader, but perhaps an even better player. The one thing that I most appreciated about Konrad was his competitive spirit and strong desire to win. He is a true "gamer" especially when it's on the line.*

*Konrad would never back down, or relent when presented with challenge. Rather, he would dig deep, focus and work harder to ensure that everything he had was left on the court. Not only that, but he inspired his teammates to do the same. He is a true team player.*

*Konrad will be an extremely unique asset to any team he joins!*
