

6/2025

To Whom It May Concern,

It is with great pleasure that I write this letter of recommendation for **Hannah Dilworth**, a talented young golfer from Lake Oswego, Oregon, who aspires to play collegiate golf. I have had the opportunity to work with Hannah as a PGA Coach at Awbrey Glen Golf Club in Bend, Oregon, and I can confidently say she possesses the skill, character, and mindset to thrive at the next level.

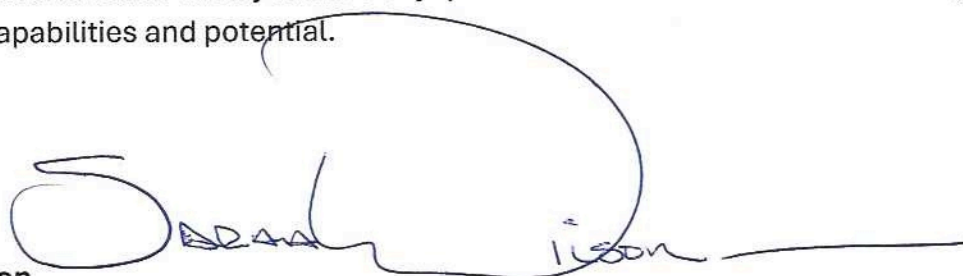

Hannah is an exceptional player — technically sound, mentally composed, and remarkably consistent for her age. She brings a calm and focused presence to the course, never too high or too low, regardless of the situation. Her ability to manage pressure and maintain perspective is well beyond her years.

What truly sets Hannah apart, however, is her character. She is respectful, humble, and always kind — a teammate any coach would be lucky to have. Whether she's competing in a tournament or supporting her peers in practice, Hannah leads by example with integrity and maturity.

As she continues her development through high school, I have no doubt that Hannah will be a strong contributor to any collegiate program — both athletically and culturally. She is coachable, driven, and genuinely passionate about the game of golf.

Please feel free to reach out if you have any questions or would like additional insight into Hannah's capabilities and potential.

Sincerely,

A handwritten signature in blue ink that reads "Sarah Wilson". The signature is fluid and cursive, with a large loop at the end of the last name.

Sarah Wilson
